Benefits of peer support leader programs in schools

76% of parents agree:
Peer support leaders would have a better understanding of the challenges facing teens, compared to teachers or counselors

72% of parents agree:
Having peer support leaders would encourage more teens to talk with someone about their mental health concerns

Source: C.S. Mott Children's Hospital
National Children's Mental Health Survey

We hope you can join us!

When: Fridays at Lunch
Where: Room 32
